Finish me! Colouring Book

Good Or Bad Mood?

The bear is lonely, what could cheer him up? The wolf is afraid, but of what? Now it's up to the children's imagination. The beautiful scenes can be completed. From joy to jealousy to anger, the colouring book illustrates the wide range of emotions with the help of funny animal motifs. Some animals have to be coloured in, other pictures are missing animals or objects to complete the artwork. The beautiful scenes motivate children to continue colouring creatively. Suitable for children aged 7 and up.
