4+ years

My Little Sticker-Colouring Book Wild Animals

In the rainforest, under water, on the ice or in the savannah - exciting animals live everywhere! Beautiful scenes show the habitats and their inhabitants. But the pictures still need to be finished. With colourful stickers from the sticker sheet and coloured pencils, the wild animals come to life. The booklet combines colouring and stickering. These two favourite activities are a lot of fun and promote fine motor skills in a playful way. Suitable for children aged 4 and up.
